

Toshiba Hi-Speed Port Replicator III

Maximize your productivity with the Toshiba Hi-Speed Port Replicator III. Compatible with select Portége and Tecra laptops, you can quickly and effortlessly connect to your desktop environment in one simple connection.

With its simple one-touch docking connection, the Hi-Speed Port Replicator III eliminates the hassle of connecting multiple cables every time you get back to your desk while providing fast access to your keyboard, mouse, printer, backup drives, etc. Connect up to multiple monitors in your choice of connections: HDMI, DisplayPort, DVI-D, or VGA.

Power is also provided through the port replicator to charge the batteries on your laptops while docked. The Toshiba Hi-Speed Port Replicator III also includes a 120W AC adapter, enabling you to leave the port replicator plugged in at all times while eliminating the need to unplug the AC adapter whenever you undock your notebook.
