

### Toshiba KU40M USB Wired Keyboard and Mouse

The Toshiba KU40M USB Wired keyboard and mouse comes with a simple wired USB connection and can be easily plug into the USB ports on your desktop or notebook to start using them.

The spill-proof function prevents any accidental liquid spillage on your keyboard. With quiet but responsive keys, a standard keyboard layout and a number pad makes typing a breeze. The optical mouse comes with BlueLED technology that ensures your mouse will work on many more surfaces compared to a regular optical mouse. The optical mouse also comes with an ergonomic shape that keeps your hands comfortable while using it.

The KU40M USB Wired Keyboard and Mouse is a great companion for all desktop or laptop users that require a keyboard and mouse for their daily usage.

Work in comfort with the Toshiba KU40 USB Wired keyboard and mouse set. This set includes a full-sized, standard layout keyboard with highly responsive keys, and a BlueLED optical mouse that will work on many more surfaces compared to a regular optical mouse. They are also easy to set up – simply plug in the keyboard and mouse to your desktop PC or notebook PC and start using it immediately.

What's more, the Toshiba KU40 is spill proof – spilt liquid simply drains out of the keyboard.
