

Toshiba U55 USB Optical Mouse
With Blue LED Technology

Great for everyday-use, the Toshiba U55 USB Optical Mouse with Blue LED technology is a compact sized mouse that works on difficult surfaces typically found in offices and hotels like wood or marble.

- High 1,600dpi makes mouse movements more précised
- Blue LED technology ensures that your mouse will work on many more surfaces compared to a regular optical mouse
- An ergonomic shape makes it comfortable for extended usage
- Available in three colours: Metallic Black, metallic red and metallic blue.
