

TOSHIBA NPS25A & NPX25A 3D PROJECTOR

Available in SVGA and XGA resolutions, the Toshiba NPS25A and NPX25A 3D projectors are perfect for the office and home. Incorporating the latest DLP® technology and features, wow your customers and colleagues with sharp and colourful business presentations. At home, enjoy the latest 3D Blu-ray blockbusters in 3D.

High Brightness, Great Picture Quality

Running on DLP® projection technology, the Toshiba NP15A series projectors feature high brightness¹ of up to 3,500 lumens and high contrast ratio 10,000:1, making them suitable for a variety of lighting conditions. It also features DLP BrilliantColor™ technology for stunning and vibrant colours.

Blu-ray 3D support

Enjoy 3D movies with support for main 3D formats (Top-and-bottom, Frame Packing, Side-by-side and Frame Sequential) and HDMI1.4 connectivity.

Security

Secure your projector with a Kensington Lock and protect your investment from theft.

Connectivity

Enjoy flexible connectivity with a myriad of input connectors on the Toshiba NPS25A and NPX25A. Easily connect with computers and other devices with both digital and analog connectors such as HDMI 1.4, RGB-in, Monitor out, S-video in, composite video in and RS-232C and audio input/outputs.

Portable

Weighing just 2.5kg, Toshiba NP Series projectors are lightweight and compact, so you can easily carry them around.
