## ONE SOLUTION, FIVE MODES

Featuring a stabilizing dual-action hinge,  
enabling smooth transitions into five core  
viewing modes

**LAPTOP MODE**

Work anywhere with the  
traditional laptop mode

**AUDIENCE MODE**

Flip the screen and create  
your own viewing space

**TABLETOP MODE**

Lay the device flat and  
collaborate with colleagues

**PRESENTATION MODE**

Flip the screen over to deliver  
engaging presentations

**TABLET MODE**

Enable the convertible PC  
as a large-screen tablet for  
mobile productivity

## Product Highlights

### Amazingly Natural Handwriting

The Portégé X30W-J comes with a 13.3-inch Sharp IGZO display with 10-point touch-enabled, producing crisp and clear images with low power consumption. When paired with Dynabook's exclusive Active Stylus Pen incorporating Wacom® Feel IT Technologies®, it also affords an exceptional digital handwriting experience enhanced by an anti-glare coating. The Active Stylus Pen detects 4,096 levels of pressure, giving users a natural pen-on-paper writing experience, making the Portégé X30W-J perfect for taking notes, drawing, capturing signatures, completing forms and more.

### Limitless Performance for Unparalleled Productivity

One of the first Intel® Evo® Platforms, the Portégé X30W-J is powered by a quad-core 11<sup>th</sup> Gen Intel® Core™ processor delivering a massive performance boost and enhanced efficiency afforded by Intel's all-new processor architecture. The Intel® Iris® Xe graphics engine offers unprecedented visual performance, immersive collaboration and enhanced content creation.

\*Battery Life Rating – Battery life rating based on MobileMark™ 2014 running Windows 10. MobileMark is a trademark of Business Applications Performance Corporation.  
^Based on 13.3" convertible laptops with 11th generation Intel Core processors as of 4 Nov 20, research conducted by Dynabook Inc.

### Tested to Military Standards for Extreme Durability

With its high-strength magnesium alloy chassis and Corning® Gorilla® Glass NBT®, the Portégé X30W-J is engineered to pass MIL-STD-810G standard testing methodologies for strength and durability. Dynabook also conducts an array of extreme tests on the hinge, keyboard and ports. The Portégé X30W-J is built to last.

### Next Level Connectivity

For the best in high-speed connectivity and fast data transfer capabilities, the Portégé X30W-J is outfitted with Wi-Fi 6 and USB 4.0 Type-C™ ports with Thunderbolt™ 4 functionality within its slim profile. The laptop also includes full-size HDMI and USB-A with Sleep & Charge ports. To expand the functionality of the Portégé X30W-J, Dynabook offers wired docking solutions that seamlessly connect multiple external displays, as well as a variety of other USB and USB-C accessories with a single cable connection.

### Layers Upon Layers of Security

As a leading secured-core PC provider, Dynabook equips the Portégé X30W-J with a robust combination of next-level hardware, software and identity protection, including enterprise-grade encryption and authentication using face and fingerprint biometrics to enhance resistance to current and future cyber threats. Dynabook writes its own proprietary BIOS to safeguard the system and to provide a unique security foundation as an additional layer of protection against attacks.

### A Unique Perspective

A front-facing HD webcam with privacy slider ensures clear video conferencing and total privacy at the flick of a finger, while an 8MP world-facing camera with anti-glare coating allows you to take high-quality photos and shoot video when in tablet mode.

Full Connectivity  
to enable you to work from anywhere
