Product Highlights

Limitless Performance for Unparalleled Productivity

With full-performance 13th Gen Intel® Core™ processor options and Intel® Iris® Xe graphics the Portégé X30W-K benefits from the massive performance boost and enhanced efficiency afforded by Intel's all-new hybrid architecture. Configurable up to 32GB of LPDDR5 and reinforced with an up to 1TB ultra-fast PCIe Gen4 SSD storage, Wi-Fi 6 and Thunderbolt™ 4, the Portégé X30W-K delivers uncompromising performance.

Tested to Military Standards for Extreme Durability

With its high-strength magnesium alloy chassis, bonded Gorilla® Glass and more, the Portege X30W-K was engineered to meet MIL-STD-810H standards for durability and endurance to provide protection against accidental damage. Dynabook conducts extreme testing on the hinges of its 2-in-1 laptops, simulating work usage to ensure durable functionality.

Dynabook's Lightest 13-inch, Intel Evo™ Windows 11 Convertible

For artists, entrepreneurs, and everyone in between, the Windows 11-powered Portégé X30W-K 2-in-1 laptop was designed to foster next-level creativity and take care of business from literally anywhere. Boasting a super-light, magnesium alloy chassis weighing from 979g[1], the Portege X30W-K takes ultra-light portability to new extremes.

Hear and Be Heard with Lifelike Clarity

Great for music or video production, digital composing and more, the powerful Harman Kardon® speakers deliver fantastic sound quality with impressive dynamic range. Dolby Atmos® further enhances the listening experience by adding incredible depth and dimension to music and movies. Dual microphones provide excellent noise cancellation for crystal clear conferencing.

Tap Your Inner Artist

With a premium, modern laptop design that offers the robust flexibility of a tablet, the Portégé X30W-K provides the perfect platform for converting ideas into reality. Featuring an energy-efficient, Corning® Gorilla® Glass reinforced 13.3-inch 1080p multi-touch Sharp IGZO display that offers crisp colors and sharp detail at all angles. The included Wacom® digital pen instantly converts the Portégé X30W-K into the perfect canvas with natural pen-to-paper feel thanks to its precision pressure sensitivity, natural tilt recognition and lag-free response.

A Unique Perspective

A front-facing HD webcam ensures clear video conferencing, while the integrated lens shutter offers privacy at the flick of a finger. The additional 8MP world-facing camera with anti-glare coating allows you to take high-quality photos and shoot video in the field or on site when used in tablet mode.

NEW AI Enhancement

AI-Enhanced Camera Features

Fostering a collaborative workspace, Dynabook Online Meeting Assist utilizes AI to ensure faces are bright and visible in a wide spectrum of lighting conditions, blur backgrounds and automatically keep the users face cantered in frame. Since these enhancements are built into our software, users can easily turn on and off these features with a quick hotkey with any video conference software.

NEW AI Enhancement

AI Noise Reduction

The 360-degree dual-array microphones allow voices to be picked up omnidirectionally with equal gain from all directions giving the user the ability to roam freely around a room or to serve as the hub for multi-person conference calls. Improving overall call quality, the AI Noise Reduction isolates and filters out background noises at near and far ends of calls to ensure participants can be heard clearly and effortlessly.

Stay in touch and on track

The Portégé X30W-K also features new AI tools to increase productivity and collaboration within the workplace – irrespective of the user's location. Cortana-enabled dual microphones offer a new AI noise reduction function, along with an HD with FA (face authentication) camera with its own AI enhanced functionality. Along with quality stereo speakers with Dolby Atmos and DTS audio processing, the devices enable seamless video or audio conferencing.

Next Level Connectivity

Beyond its ultra-flexible, ultrafast Thunderbolt™ 4 ports, the Portégé X30W-K features a mix of full-size ports, including HDMI® and USB-A (with Sleep & Charge) for seamless, adapter-free wired connectivity. To further boost the capabilities of Thunderbolt 4, Dynabook offers wired docking solutions that seamlessly connects up to four external displays, as well as a variety of other USB and USB-C® accessories with a single cable connection.

Advanced Security for Handling Mission Critical Data

As a leading Secured-core PC provider, Dynabook equips the Portégé X30W-K with advanced security features to ensure resistance to current and future cyber threats. Dynabook also writes its own BIOS, providing a unique and secure foundation. Further bolstering security, this laptop can be equipped with face and fingerprint biometric recognition, and TPM 2.0.
