PORTÉGÉ Z40L-N

AI-Ready Performance, Built for Business Mobility

Designed for the AI era, the ultra-light Portégé Z40L-N brings advanced productivity and mobility to today's professionals. Powered by Intel® Core™ Ultra processors with on-chip NPU, it easily handles demanding workflows, extended meetings, and multitasking. As a Copilot+ PC with enterprise-grade security, the Portégé Z40L-N keeps up, wherever work takes you.

AI-powered Human Presence
Detection features for
enhanced data security

AI Enhanced

AI-enabled hand gesture
control for intuitive
operation of key functions

AI Enhanced

Adaptive system
optimisation ensures up to 8
hours of online meetings
without recharging

Battery Enhanced

Minimise downtime by
swapping out the battery
without replacing the device

Why Dynabook?

Over three decades of business innovation

Dynabook is the world’s laptop pioneer, with an unrivalled track record of helping businesses succeed with leading-edge mobile solutions.

Dynabook controls the entire process

For unmatched quality and reliability, our Portégé series PCs are designed, engineered and manufactured at Dynabook facilities. The same goes for our image development services.

Quality, reliability, performance. You have our assurance

Dynabook's extremely rigorous pre-production testing process for our business-class mobile computers has dramatically lowered annual field failure rates.

Product Highlights

AI Enhanced Performance

Powered by the latest Intel® Core™ Ultra V processors (Series 2) with an advanced Neural Processing Unit (NPU) for AI acceleration, the Portégé Z40L-N delivers faster processing, enhanced efficiency, and improved graphics with Intel® Arc™.

Empowered with Copilot+

As a Microsoft® Copilot+ PC, the Portégé Z40L-N features Live Captions, Gesture Control and Windows Studio Effects, powered by an enhanced NPU for advanced on-device AI. These features boost workflow, convenience and productivity.

MIL-SPEC Durability from Under 1kg

Built with a strong magnesium alloy chassis, the Portégé Z40L-N meets MIL-SPEC standards while maintaining a sub-1kg ultra-light form factor. This combination ensures strength without compromising on weight.

AI-Enhanced Privacy and Security

The Portégé Z40L-N provides Human Presence Detection advanced security with Peek Alert, Windows Hello, and Lock on Leave, while Adaptive Dimming and Wake on Approach enhance privacy without disrupting productivity, ensuring data remains secure.

Smarter Power Management

AI-driven power management extends battery life by dynamically adjusting power consumption to workload demands. A self-replaceable battery extends device longevity and reduces IT costs.

Touch-Free System Control

Gesture based control offers an intuitive, handsfree experience for controlling media playback, navigating presentations, and performing key functions with simple hand motions, enhancing workflow efficiency.
