Product Highlights

Keep Bacteria At Bay

All painted surfaces of the Satellite Pro C series are treated with a special anti-bacterial coating which inhibits the growth of microorganisms. Tested to Japanese Industrial Standard Z 2801:2010, to a level of 99.9%, you can be assured that these surfaces will not be a breeding ground for bacteria.

Tackle the Workday in Comfort

Weighing just 1.49kg (Satellite Pro C40) and 1.76kg (Satellite Pro C50), the Satellite Pro C series features a non-glare FHD/HD screen for an excellent viewing experience, as well as an ergonomic keyboard, number pad (exclusive for Satellite Pro C50 models) and the largest Dynabook ClickPad for a comfortable workday. Its Gigabit LAN, wireless LAN and USB Type C™ also helps you stay connected all-day long.

The Ideal Device To Power Your Day

To get you through the day and beyond, the Satellite Pro C Series has up to 12.5 hours of battery-life and is equipped with Intel's 11th Gen processors, SSD storage and up to 16GB of DDR4 RAM, to deliver responsive browsing, fast boot-up and data access.

Be There Without Going There

As virtual meetings become more commonplace, it is important for you to enjoy seamless communication with your customers and colleagues. Therefore, the Satellite Pro C Series is fitted with a HD Webcam to simulate a face-to-face meeting, Microsoft Cortana enabled microphone that connects users, and allows you to pair wireless headphones with Bluetooth® technology.

Make Any Environment Your Workplace

The Satellite Pro C Series may be compact, but it is loaded with connectivity. Besides having USB-A ports on both sides of the device, a security lock slot, and a microSD card reader, the Satellite Pro C Series also features a HDMI port for plug-and-play connection to external screens, USB Type-C™ 3.1 port for charging, external display and data transfer, as well as flip type Gigabit LAN and Wi Fi for effortless network access.

Security You Can Trust

With our Firmware-based Trusted Platform Module 2.0, we help to give you a peace of mind when it comes to working on the Satellite Pro C Series. The user and administrative password keep your business data out of the wrong hands. The Security Lock Slot ensures the laptop stays where you left it. Plus, achieve even more protection with an optional fingerprint biometric authentication.
