

### Toshiba Canvio® Ready Portable Hard Drive

Always ready for your next move

#### Stylish Portable Storage

Store your data on the Canvio® Ready and access it quickly and easily through USB 3.0. The dotted-pattern top casing provides a premium tactile finishing while maintaining a simple, stylish look.

#### Fast Transfer Speed and Easy to Use

Powered by USB 3.0 technology, this portable hard drive is 10 times faster<sup>2</sup> than USB 2.0 (480Mbps), but still backward compatible with USB 2.0 technology. A convenient, drag-and-drop storage usability doubles up its proposition to manage your digital library.

#### Portability at its best

Thanks to a special internal shock sensor and ramp loading technology to guard against accidents and drops for greater peace of mind, it's also the perfect way to share or transport your digital content, and can be used with USB 2.0 connections, too.

For over 48 years Toshiba has been developing and manufacturing hard drives. Today our drives are used by every major brand of notebook computer and many multimedia devices. For more information, please visit <http://pc.toshiba-asia.com>

#### Availability

Available in Matte Black and White colour, from 500GB to 3TB<sup>1</sup>.

### Product Features

- USB 3.0 portable add-on storage
- USB bus powered, no need for AC adapter
- Easy to use with no software to install
- Accommodates large digital files with spacious storage capacity
- Protects your drive (Internal Shock Sensor and Ramp Loading Technology)
- Keep data safe during day-to-day movement from a desk, pocket, bag or beyond with internal shock sensor and ramp loading technology
- Three-year limited local warranty

### Specifications

Interface:	USB 3.0 (USB 2.0 compatible)
Available colours:	Matte Black and Matte White
Available capacities <sup>1</sup> :	500GB, 1TB, 2TB, 3TB
Speed:	5,400 rpm
Hard Drive Format:	NTFS (Microsoft Windows)
Power:	USB bus power (max. 900mA)
System Requirements:	Formatted NTFS for Microsoft® Windows® 10, Windows® 8.1, Windows® 8, Windows® 7
	Available USB 2.0 or USB 3.0 Port
Product Dimensions:	500GB / 1TB: 119 (L) x 80 (W) x 15 (H) mm
	2TB / 3TB: 119 (L) x 80 (W) x 21.5 (H) mm
Product Weight:	500GB: 166.3g
	1TB: 175.2g
	2TB: 232.9g
	3TB: 235.4g
Package Dimensions:	140.9 (L) x 128 mm (W) x 46.1 mm (H)
Contents:	USB3.0 Cable (backward compatible with USB2.0), Quick Start Guide, Instruction Manual for Safety and Comfort
Warranty:	3 years limited local warranty

<sup>1</sup> One Gigabyte (1GB) means  $10^9 = 1,000,000,000$  bytes and One Terabyte (1TB) means  $10^{12} = 1,000,000,000,000$  bytes using powers of 10. A computer operating system, however, reports storage capacity using powers of 2 for the definition of  $1\text{GB} = 2^{30} = 1,073,741,824$  bytes and  $1\text{TB} = 2^{40} = 1,099,511,627,776$  bytes, and therefore shows less storage capacity. Available storage capacity (including examples of various media files) will vary based on file size, formatting, settings, software and operating system and other factors.
